## Introduction

God made a promise to Noah after the flood and He has kept His promise. We and our children can place our confidence in our promise-making, promise-keeping God. He is completely faithful.

### **Lesson Objectives:**

- Teach the children that God is faithful to His promises.
- Encourage the children to tell others about the faithfulness of God.
- Teach the children to be faithful to their word.

## Lesson Context:

- The story takes place on earth after the great flood.
- God was pleased with Noah that He made a covenant with him: He would never destroy the earth though a flood again
- The characters involved are: God, Noah and his family.

### What to Prepare:

- Read in advance  
Genesis 9 (NLT)

### Memorize the Word:

"I have placed my rainbow in the clouds. It is the sign of my covenant with you and with all the earth. "

**Genesis 9:13 NLT**

### Declaration for the week:

"My God is totally faithful. He keeps every promise."

### Word of the week:

**Covenant**

### Rainbow Fun Facts:

1. A rainbow is a multi-coloured arc that forms in the sky after it rains.
2. On the ground, we can only see a semi-circle rainbow but if you look at it from an airplane, you can see a rainbow in a complete circle.
3. Earth is the only planet where rainbows are possible.
4. The state of Hawaii has the most rainbows on the planet.
5. Rainbows happen when it's raining in one part of the sky and it's sunny in another.
6. Rainbows have seven colours

Read the following verses to the kids:

- Genesis 9:8-17 NLT

- This one special family had been through a lot together. For long days and nights they had drifted together on an endless ocean. They had worked hard to care for all those animals. They were now ready to resettle the earth and start over. God had given them something very precious. He gave them the experience of the rainbow to share. It would be a blessing and a promise to treasure forever—for them and for us
- What is a covenant? A commitment that has to be kept.
- God is completely faithful to His covenants: God promised Noah that He would never again destroy the earth with a flood. He has faithfully kept His promise  
**God always keeps His promise.**
- A covenant from God gives us confidence: Every time we see a rainbow, we remember that God made a covenant with us. We can therefore trust in the Word of God.

**A hero is fully confident in God!**

- God made us to be just like Him. We have His nature on the inside. We also can be faithful to keep our word when we make a promise. Let us not be quick to make a promise but let us keep every promise we make.

**A hero is faithful just like God is faithful!**

# Application

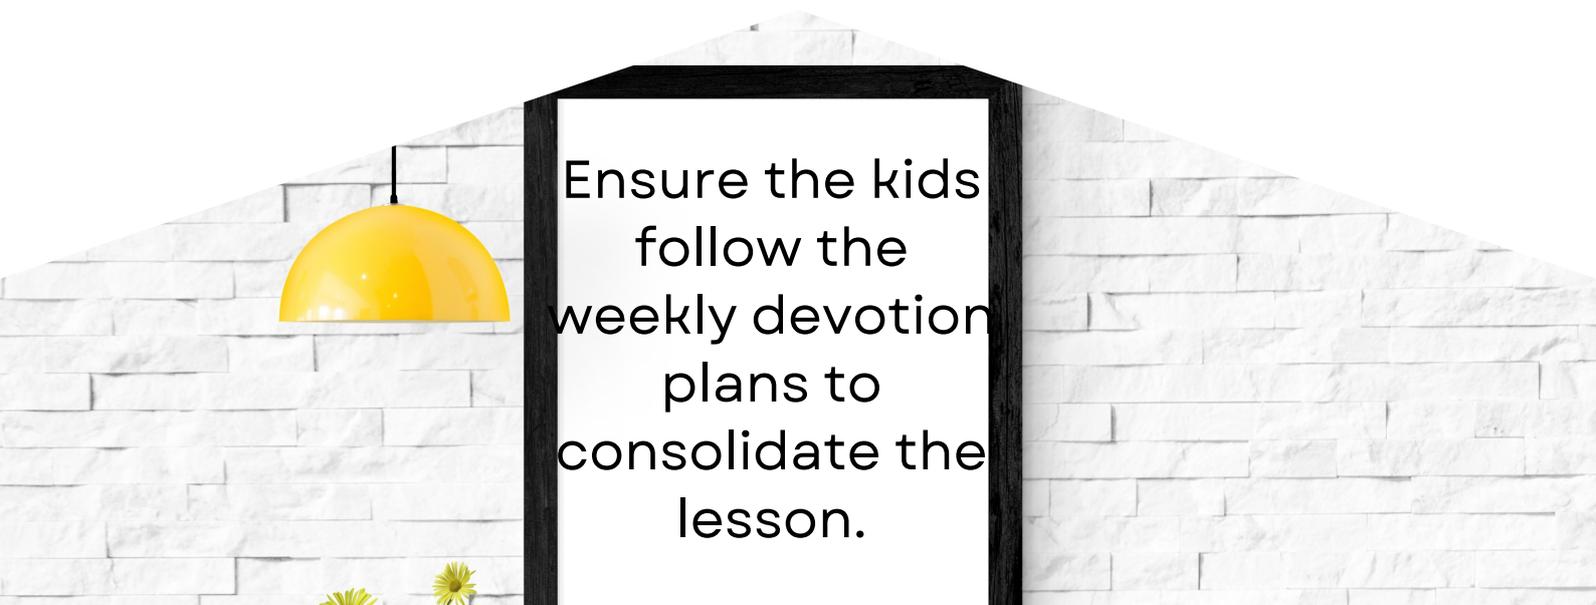

From now on when you see a rainbow, remember that God made a promise and He has been keeping it since He spoke to Noah. We will thank God for every promise He has kept. Today we will also ask Him to help us tell other people that He is good and He faithful.

Pray: (let the children pray after you)

Father, thank You that You never break Your covenants.

Today I receive the promises You have for my life and I am sure that You will fulfil all of them for Your glory. Please help me to tell others about Your amazing love and promises.

Thank You that You make me just like You, faithful! In the name of Jesus, amen.

Ensure the kids follow the weekly devotion plans to consolidate the lesson.
